

BRAZILIAN COMPANIES CATALOG

FIME SHOW 2022

ABIMO (Brazilian Medical Devices Manufacturers Association) is the main representative of the Brazilian Medical Devices industry, and in partnership with ApexBrasil (Brazilian Trade and Investment Promotion Agency) maintains the exportation project named Brazilian Health Devices.

Brazilian Health Devices represents the maturity of the Brazilian industry to reach the foreign market. Through the brand, ABIMO presents to the world the quality, reliability and cost-benefit of Brazilian technology in medical, dental and laboratory devices.

ABIMO and ApexBrasil are working together to increase the outreach of Brazilian health products beyond the 140 countries where our companies have already exported to, looking to raise our exports progressively from the US\$ 746 million recorded in 2021.

Visit our website and check out the Brazilian manufacturing companies for health products:
